

“Concept to Commissioning”-  
FOUNDERS possess over  
70 years of combined &  
versatile experience in  
**Project  
Engineering  
Industry**

**OVER 550 INSTALLATIONS WORLD-WIDE SINCE 2004**

**COMPANY PROFILE**

Nectar Projects Pvt Ltd (NPPL), Pune, India is a leading company involved in Design, Engineering, Manufacturing & Supply of various **Industrial Equipment & Systems** tailor-made to meet specific requirements of industries viz Fine Chemicals, Food, Spices, Pharma, Steel, Cement & many more.

With the wealth of expertise & enterprising experience at their command, NPPL is in a position to understand & implement customers' requirements, thus achieving CUSTOMER SATISFACTION.

Over 50 satisfied Customers repose trust & confidence in us through repeat orders enabling us to have hundreds of installations across all major industries / applications. NECTAR has successfully **Designed & Manufactured** various equipment in a wide variety of *materials of construction*.

**Vision**

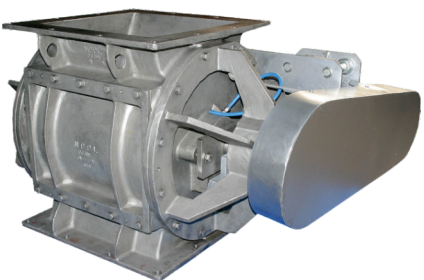

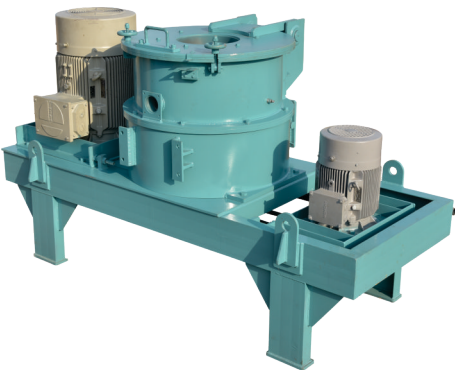

NECTAR shall achieve excellence in its range of products & services, consciously addressing implied needs, ensuring reliability with emphasis on continued customer satisfaction & focus on perpetual growth of all stake-holders....

**Future Goals:**

- Growth in Exports
- Sales Growth more than 50% (Y O Y)

**Proven Track Record**

- ✓ Strong Engineering Team
- ✓ Value for money
- ✓ Exclusive attention at each stage of project
- ✓ Reliable equipment & system performance

**Industrial Air Pollution Control Equipment & Systems :**

Bag Houses	Bag Filters	Wet Scrubbers	High Efficiency Cyclones
Multi-clones	Dust Extraction Systems	Product Collection Systems	Fume Extraction Systems

**Pollution Control Applications**

- DRI Plants
- Carbon Black
- Iron Making Furnaces
- Non Ferrous Melting Furnaces
- Lime Kilns
- Cement Plants
- Iron Purification
- Ceramic Plants
- Soda Ash
- Food Processing
- Sponge Iron Plants
- Fine Chemicals
- Boilers
- Minerals
- Mini Blast Furnaces

**Dust Extraction Applications**

- Coal Handling
- Iron Ore Handling
- Crusher, Screen, Stock House
- Sinter Plant Dust
- Pellet Plant Dust
- Lime Plant Dust
- Pesticides
- Fine Chemicals
- Minerals Handling

**Product Collection Applications**

- Spray Dryers
- Fluid Bed Dryers
- Spin Flash Dryers
- Rotary Kilns
- Grinding Mills
- DAP/NPK
- Flour Mills

**Fine Grinding and Classifying Mills (GCM) :**

Grinding Mills 10GCM, 20GCM, 30GCM, 60GCM, 75GCM, 100GCM  
Spares for Grinding Mills viz. Liners, Hammers, Rotor Discs, Classifier Wheels, Bearing Housings, etc  
Lump Breakers and Crushers

**Fine Grinding Applications**

- Sugar
- Ppt Silica
- Zinc Oxide
- Calcium Carbonate
- Soya Flakes, Meal
- Talc
- Resins
- Stabilizers
- Stearates
- Tamarind Seeds
- DCP
- Powder Paints
- Kaolin, Clay
- Food Colors
- Pigments & Dyes
- Spices
- Starch
- Alumina
- Al. Hydrate
- Aluminum Silicate
- Pesticides
- Insecticides
- Chana Dal
- Mung Dal
- Other Pulses

**Material Handling Systems :**

High Pr. Pneumatic Conveying Systems	Lean Phase Pneumatic Conveying Systems
Ribbon Blenders	Screw Conveyors
Chain Conveyor	Belt Conveyor
Material charging stations	Rotary Airlock Valves
Double Dump Valve	Rotary Feeders

**Material Handling Applications**

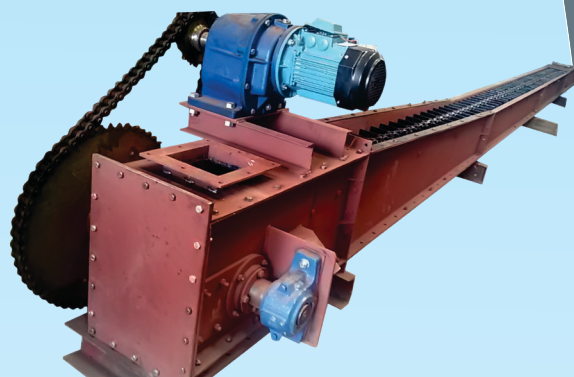

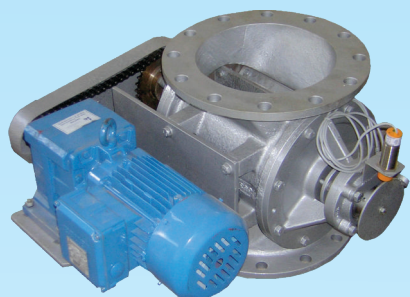

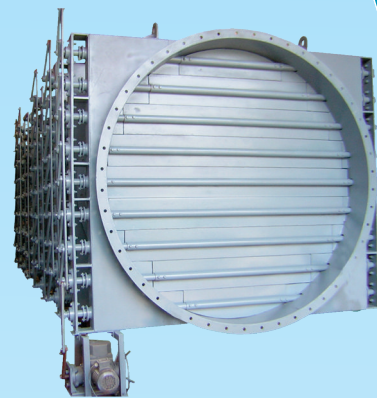

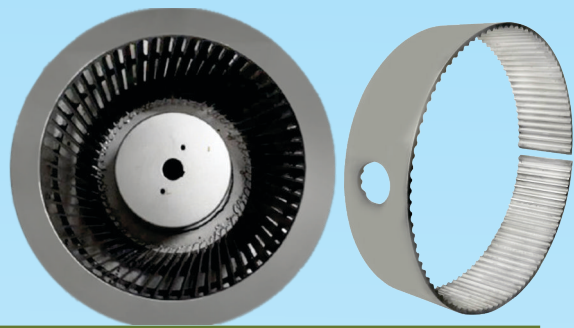

- Pesticides
- Cement
- Pigments & Dyes
- Food Colors
- Fine Chemicals
- Spices
- Minerals
- Petrochemicals
- Steel Making

**As Per Drawing (APD) / As Per Equipment :**

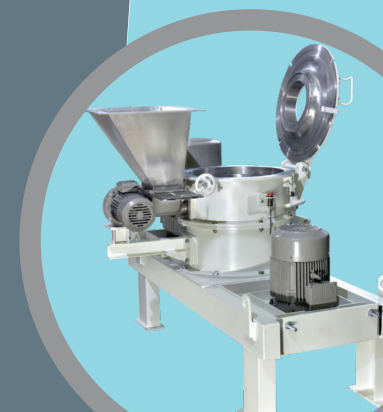

Fans & Blowers	Air Washers	Diverter Gates
Furnace Doors	Mist Eliminator	Dynamic Classifiers
Silos	Heat Exchanger	Thermic Fluid Heaters
Hot Air Generator	Slide Plates	Carriage Beam Assly
Air Slides	Vertical Thermowell	Hot Water Generator
SS Tanks / Vessels	Pressure Vessels	Filter Cell Nozzles
